Instructions for Authors

Preparing Manuscripts in LaTeX

- We can use the template zip file
- Or the Overleaf template of MDPI: [MDPI Article Template](#)

Manuscript Submission Overview:

`_Review:_` Reviews offer a comprehensive analysis of the existing literature within a field of study, identifying current gaps or problems. They should be critical and constructive and provide recommendations for future research. No new, unpublished data should be presented.

- The structure can include an **Abstract, Keywords, Introduction, Relevant Sections, Discussion, Conclusions, and Future Directions**.

Submission Process

Manuscripts for `_Cryptography_` should be submitted online at [susy.mdpi.com] (<https://susy.mdpi.com/>). The submitting author, who is generally the corresponding author, is responsible for the manuscript during the submission and peer review process.

Some notes on the file formats

- Using the Journal template
- The total amount of data for all files must **not exceed 120 MB**

Cover letter

- **A cover letter must be included with each manuscript submission.** It should be concise and explain why the content of the paper is significant, placing the findings in the

context of existing work. It should explain why the manuscript fits the scope of the journal.

- All cover letters are required to include the following statements:
 - We confirm that neither the manuscript nor any parts of its content are currently under consideration for publication with or published in another journal.
 - All authors have approved the manuscript and agree with its submission to *Cryptography*.

Author Identification

Authors are encouraged to add a biography (300–1500 characters) to the submission and upload it to [SciProfiles](#). This should be a single paragraph and should contain the following points:

1. Authors' full names followed by current positions;
2. Education background including institution information and year of graduation (type and level of degree received);
3. Work experience;
4. Current and previous research interests;
5. Memberships of professional societies and awards received.

If a manuscript is accepted for publication, we will add an icon linking to your online [ORCID](#) profile in the final version of the published paper.

Reviewer Suggestions

During the submission process, please suggest three potential reviewers with the appropriate expertise to review the manuscript. The editors will not necessarily approach these referees. Please provide detailed contact information (address, homepage, phone, e-mail address). The proposed referees should neither be current collaborators of the co-authors nor have published with any of the co-authors of the manuscript within the last three years. Proposed reviewers should be from different institutions to the authors. You may identify appropriate Editorial Board members of the journal as potential reviewers. You may suggest reviewers from among the authors that you frequently cite in your paper. For detailed information regarding the qualifications and responsibilities of the reviewers, please visit <https://www.mdpi.com/reviewers>.
